CONTEMPORARY LIVING

- COLLECTION -

Putting warmth at the heart of the home

Model shown: Ecoburn Plus 5 Widescreen

The Ecoburn Plus range of stoves is visually astounding, with an extensive viewing glass. Offering more choice over the type of fuel burnt through the Flexifuel System, Ecoburn Plus stoves provide outstanding efficiencies along with all the features that have become synonymous with our stylish contemporary stoves.

Ecoburn Plus 5 Widescreen is available with a 4.9kW output

Features

- Pre-heated airwash system for sparkling clean glass
- Stainless steel ash pan and throat plate
- Burns wood or smokeless solid fuel. (DEFRA models burn only wood)
- Externally controlled riddling grate
- Large fire viewing window
- Patented Flexifuel grate system
- Primary and secondary burn to improve efficiency

Ecoburn Plus 5 on optional log store in Devon Cream.

Ecoburn Plus Inset 7

Ecoburn Plus Inset models are available with 4.9 or 7kW outputs

Ecoburn Plus DEFRA models are available with 4.9 or 7kW outputs

i600 Slimline Freestanding

With an output of less than 5kW and a slimline body, the i600SLE features an all-new full glass door offering an unlimited view of it's flames.

Available in short and mid heights, this modern, multi fuel stove makes an impressive centrepiece.

Features

- Full glass door
- New non-smoker paint
- Preheated airwash system for clean glass
- Approved for use in Smoke Control Areas
- Stocked in Matt Black or Grey
- Glass supports available in special order colours
- Radiant and convected heat
- Primary, secondary and tertiary burn to improve efficiency
- Two position door mechanism to assist cold lighting
- Top or rear flue fitting 127mm (5")

Available with a 4.9kW output

Optional extras: Ash carrier

i600 Slimline Freestanding Low with Grey glass supports. Mid model features an integrated log store, removing the need for a log basket.

i400 Freestanding

With a sleek body, large glass viewing window and convector jacket for increased heat distribution, the i400F is the perfect stove choice. Striking and clean-cut, it is available in three heights – tall, mid and low.

Features

- Preheated airwash system for clean glass
- Stainless steel ash pan
- Optional choice of door colours
- Radiant and convected heat
- Patented Flexifuel System
- Primary, secondary and tertiary burn to improve efficiency
- Top flue fitting 127mm (5")
- Direct air supply compatible
- Approved for use in Smoke Control Areas
- Rear heat shield for closer positioning to combustibles

Available with a 4.9kW output

Optional extras: Ash carrier

i400 Freestanding Tall with Sky Blue door. Mid and Tall models feature an integrated log store, removing the need for a log basket.

i Series Cassette

The newly improved, sleek and cutting-edge design of the i Series makes these cassette stoves perfect for the modern, energy-conscious home. Complete with full glass door, heat convection system and easy-to-use controls, the i Series makes the most from your fuel.

Our range of colour finishes will ensure your i Series stove fits perfectly into your home, whilst the internal pre-heated airwash system keeps your glass clean for a warming view of the fire.

Available with 4.9, 6.4, 7.5 or 8.9kW outputs

i600 | 7.5kW
